Central Kowloon Bypass (Yau Ma Tei Section) was commissioned on 21 December 2025
中九龍繞道（油麻地段）於2025年12月21日正式啟用

By sharing this experience, HyD encourages all organizations to embrace innovation, collaboration, and people-centric values. The timely completion of the Central Kowloon Bypass (Yau Ma Tei Section) demonstrates that quality is reflected not only in the final deliverables, but also in the operational intelligence and societal commitment.

透過分享此經驗，路政署鼓勵各機構擁抱創新、協作與以人為本的核心價值。「中九龍繞道(油麻地段)」如期完工，印證了工程品質不僅看重最終成果，更體現於建設過程中的智慧運用與服務社會的使命感。

Report from the Board of Examiners

The Board of Examiners extends warm congratulations to the Highways Department on receiving the Outstanding Award of Best Practices Award for the Smart Site Management Hub (SSMH). This accolade recognizes the Department's steadfast pursuit of quality excellence and continuous improvement.

A hallmark of the initiative was its rigorous planning and exemplary execution. Guided by clear strategy, defined milestones, strong leadership oversight, and supported by a dedicated innovation team, the project was delivered through a phased rollout with effective resource planning and cross-functional coordination. By adopting innovative digital technologies, the team enhanced operational integration and strengthened real-time visibility for informed decision-making. The initiative also demonstrated strong stakeholder engagement, uniting clients, consultants, contractors, and partners through transparent communication and shared governance, fostering trust and collective ownership.

Beyond organizational gains, the initiative delivered meaningful societal contributions by enhancing safety, improving operational reliability, and supporting timely delivery of public infrastructure - cutting peak-hour travel time between Yau Ma Tei and Kai Tak from about 30 minutes to just 5 minutes. The Board commends the Department for this achievement and encourages continued leadership in advancing innovation and sustainable value for the community.

評審委員會報告

評審委員會熱烈祝賀路政署憑藉「智慧工地管理平台」（SSMH）榮獲最佳管理實踐獎優異獎。此項殊榮肯定了該部門對優質管理及持續改進的堅定追求。

該項目的標誌性特點是其嚴謹的規劃及卓越的執行力。在清晰的策略、明確的里程目標、強大的領導監督，以及專責創新團隊的支持下，項目透過分階段推展、有效的資源規劃及跨職能協調順利完成。透過採用創新數碼科技，團隊強化了營運整合，並加強了實時可見性，以支援知情決策。該項目亦展現了強大的持份者參與，透過透明的溝通及共享管治，凝聚客戶、顧問、承建商及合作夥伴，建立了互信與責任共擔。

除了機構層面的效益外，該項目亦透過提升安全、改善營運可靠性，以及支持公共基礎設施的按時交付，為社會帶來了有意義的貢獻 — 將油麻地至啟德於繁忙時間的行車時間由約30分鐘縮短至僅 5 分鐘。評審委員會讚揚路政署的卓越成就，並鼓勵其繼續引領創新，為社區創造可持續價值。
